

# MRM Outreach Committee - Terms of reference

## Mandate

The primary mission of the MRM Network Outreach Committee is to promote our work and increase research collaborations within the MRM and with external groups.

To this end, this committee helps generate, collect and disseminate content for the MRM website and social media platforms to inform members of the latest news, events or funding opportunities relevant to our work at McGill and beyond. It also works to publicize our successes and that of our members and their trainees.

## Specific areas of responsibility

- Review literature and monitor news/events related to the field at McGill and beyond to feed the website with latest news and events
- Contribute to the Network's communication strategies, aligned on the Network's mission to promote the MRM activities (within McGill and beyond)
- Help preparing documentation representing the Network

## Composition

The MRM Network Outreach Committee is composed of faculty and trainee members, drawn from membership of the McGill Regenerative Medicine Network. Each member is nominated for a 2-year term, renewable.

## Recurrence of meetings

The MRM Outreach Committee is called upon to meet as required.
