

MRM Trainee Committee - Terms of reference

Mandate

The MRM Trainee Committee was formed with the objective of supporting emerging generations of regenerative medicine researchers.

Specific areas of responsibility

- Support and represent trainees within the MRM Network
- Facilitate scientific and personal communication and networking between trainees.
- Host social and academic events tailored to trainee interests and needs.

Composition

The MRM Trainee Committee is composed of trainee members, drawn from membership of the Network. Each member is nominated for a 2-year term, renewable.

Recurrence of meetings

The MRM Trainee Committee holds between 4 and 6 meetings/year but can be called upon to meet as required for event planning.
